Re: Permit Fees Cambrillic Natural Stone L.L.C. Project ID S 270079  
and Unique Minerals Inc. Project ID S 270074

Dear Mr. Munson,

**Allow this letter and Video to be an Attachment  
to the payment of our Permit Fees**

We are responding in this matter, because of the letter of June 27, 2001 from Mr. D. Wayne Hedberg " Re: Permit Fees for 2001-2002 Fiscal Year, Minerals Regulatory Program." in part:

**"Note: Before you check the box requesting an inspection and file closure, please make certain that your site is fully reclaimed, that all mining related waste, trash and debris have been removed, and that the vegetation is well established."**

In addition to this letter and Video, you have received our legal calendar, lists of appeals, and motions, when Mr. Stone visited with you this last week.

We know you are cognizant of our situation, and we continue with the Interior Board of Land Appeals. The Spectrum Quarry, our claims, have undergone severe disturbance because of the illegal rock sale, and as the illegal operator in collusion with the BLM Fillmore Office continue to create common material from uncommon material.

It is our understanding that the BLM Fillmore Office has collected approximately \$ 4,200.00 from Levin Stone Inc. as reclamation costs, which they have retained and done nothing to remedy the situation. They charged Levin Stone \$ 3.00 per ton and sold Levin Stone 1,400 tons **of our material**. Levin Stone merely removed their pallets from the storage area, but left the area devastated, as the Video will attest.

We appreciate you and Joelle Burns. You have always been helpful in providing information so we can continue to operate within the bounds of the regulations. Once we begin, the operation will be clean and in strict compliance with your regulations. The law is on our side, and we are confident of the IBLA Rulings.

**Temporary Address Change Unique Minerals Inc.**

**Note: Mr. Stone is moving, and until he is situated in his new home please use 230 East Broadway, Suite 1205, Salt Lake City, Utah 84111. 801-596-2600, for all correspondence for Unique Minerals Inc.**

Thanks Again,

Richard Stone  
Unique Minerals Inc.
